Personally I enjoy being an email processor. This is the work that I do every day. I wake up in the morning, check my inbox, process the e-mails by sending the mail out to the interested prospects who have asked for this information and get paid \$25.00 per e-mail I send out. It takes me only about a few minutes to process each e-mail. Email Processing Work can be an excellent either main income or second income. This is a 100% actual opportunity you can take advantage of and make a good income from the comfort of your own home. My family and I presently use this program ourselves to bring in extra cash from home email processing.

Email Processing System (EPS) Frequently Asked Questions

Q: When did the Email Processing System (EPS)

Launch? Answer: Launched in February of 2010, the Email Processing System (EPS) was an idea created by a husband and wife team whose whole goal was to create a simple copy and paste system to help others make money online from home. Best described as an "income opportunity", EPS is simply a direct sales membership site, where the one-time \$25 membership fee is paid directly to your sponsor. Email Processing has become extremely popular and since it's launch, there have been dozens of 'copy-cat' Email Processing sites that have surfaced.

Q: What is "Email Processing"? **Answer:** Email Processing is perfect for newbies and those with little to no technical skills. By simply copying the pre-written ads and posting them on the online classified ad sites; Craigslist and Backpage, you'll earn \$25 for every email you process. The process of "processing emails" happens when a new member signs up and pays the \$25 to the person who posted the online classified ad that they are responding to. When a payment is made, the sponsor will receive an email notification letting them know that they have just received a \$25 payment. The sponsors "job" is to actually process that email by copying and sending the pre-written getting started email to their new member which gives them access to the members area so that they can get started.

Q: What does the \$25 Membership Fee Cover? (What is the Product?) **Answer:** As a member of EPS, you will receive immediate access to the members' area where you will find the pre-written ads which include hundreds of subject lines and dozens of ad bodies. You will also receive UNLIMITED access to the EPS Support Team. If you have questions or need help, the EPS Support Team is only an email away. The support team consists of a group of seasoned Email Processors themselves who volunteer to help new members. Simply send in an email with your question or request for help and one of the members of the EPS Support Team will respond within 48 hours (usually much sooner). This is all included in the one-time \$25 lifetime membership fee.

Q: Where is the Company Located? **Answer:** The Email Processing System is not associated with a company. Because EPS is offered as an online income opportunity with no admin fees being charged to members and all \$25 payments being made directly from member to sponsor, our attorneys have deemed it unnecessary to establish company headquarters.

Q: Is this a Scam or a Get Rich Quick Scheme? **Answer:** Absolutely Not! A get rich quick scheme (or scam) usually promises to make a person extremely wealthy over a short period of time, often at the expense of little effort and at no risk. After 3 years and with more than 50,000 members and counting, the Email Processing System absolutely works. By simply placing online classified ads, we allow members to earn a 100% commission when others respond to those ads and decide

Email processing System – The Easiest Way To Earn 25\$ Again & Again

to become members as well. We have members who are earning hundreds (even thousands) every day.

Q: Is this a Pyramid Scheme? **Answer:** No. This is a direct sales program that's been around since 2010. You'll make \$25 every time you refer someone who purchases an EPS Membership. As you go down the line of a company from top to bottom, the person or people that start it or those who join first, makes the most money, and as more and more people join, the people at the top continue to make the most money while the newest people make pennies or sometimes nothing at all. With the Email Processing System, all affiliates equally earn a full 100% commission. A new person can easily earn hundreds daily and make more than someone who's been a member for years. Also, any business where money changes hands without the benefit of products or service is deemed a pyramid scheme by the FTC. Our members receive both a product (pre-written headlines and ads) and a service (unlimited access to the EPS Support Team) all for a one-time \$25 fee.

Q: Is this a Ponzi Scheme? **Answer:** No. Ponzi Schemes are illegal and are associated with investment programs in which earlier investors are paid out from the funds of new investors. Money is typically pooled together and promises of high-investment payouts are made. Typically the company collapses and the newest investors never receive a return of any kind. The Email Processing System is not an investment program of any kind.

Email processing System – The Easiest Way To Earn 25\$ Again & Again

Q: Is this a Matrix Program? Answer: No. Matrix programs, also known as money doublers, cyclers, and randomizers have a commission system based on a specified percentage of the member's deposit or from recruiting a specific amount of downline members before they ever earn a dime. Usually you won't receive a payout until a matrix is filled or a line cycles. The Email Processing System is not a matrix program of any kind. All members earn a 100% \$25 commission on all sales.

Q: Is this a Multi-Level Marketing Program? Answer: No. Multi-level marketing (MLM) is a marketing strategy in which the sales force is compensated not only for sales they personally generate, but also for the sales of the other salespeople that they recruit. This recruited sales force is referred to as the participant's "downline", and can provide multiple levels of compensation. MLM's usually charge an initial start-up cost to become a distributor which does not include any product. The Email Processing System is NOT a MLM program as there are absolutely no levels. The buyer makes just one payment directly to the referring member of \$25. All members receive immediate access to the product including access to the EPS support team to help them learn how to advertise if they choose to promote the program. There are no pass-up sales, no downlines, or monthly subscriptions of any kind being created. There are also no admin fees, distributor fees or hidden fees of any kind.

Q: Where can I get help if I need it? Answer: The Email Processing System provides its members with access to the EPS Support Team via

Email processing System – The Easiest Way To Earn 25\$ Again & Again

email so that you can get help. If you have any questions or need help with ad posting, the EPS Support Team is available via email Monday - Friday.

Q: Why can't I call and talk to someone for help? Answer: The Email Processing System was designed to be extremely affordable for everyone. Since we do not charge any admin fees or additional fees, we are unable to put a call center in place to offer support.

Q: How much money can I make with the Email Processing System? Answer: Similar to starting a weight-loss program or exercise regimen, your results completely depend on you and vary from person to person, but if you work hard and stay dedicated you can start to see great results. The income potential is unlimited.

Q: Is there a guarantee that I'll make money? Answer: Although we cannot guarantee earnings, we CAN guarantee that you will earn \$25 for every email you process. We can also guarantee that if you keep doing what you've been doing over the past 5 years, you'll likely stay where you are today. Where do you want to be five years from now?

Q: How fast will I start making money? Answer: Similar to starting a weight-loss program or exercise regimen...the speed of your results completely depends on you! The more productive you are, the faster you'll start seeing success! We have several team members that start making money their very first day.

Email processing System – The Easiest Way To Earn 25\$ Again & Again

Q: How old do I have to be to become an Email Processor? **Answer:** You must be 18 or older.

Q: When do I get paid? **Answer:** You will get paid immediately and instantly into your PayPal account for every email you process.

Q. How much time do I have to put into this? **Answer:** The best part about the Email Processing System is that you are your own boss. Which means that there is nothing you «HAVE» to do? It's not like having a job where your boss is telling you everything you must do. Since you are your OWN boss, it's entirely up to you how much time you put into this. Just remember that the more consistent and productive you are...the more money you can make. We recommend placing ads on a daily basis for best results.

Q: What other costs are associated with EPS? **Answer:** The only requirement is for you to pay your sponsor the one-time \$25 EPS membership fee. There are absolutely no monthly fees or admin fees involved.

Q: Do I have to pay taxes on my earnings with EPS? **Answer:** Yes. Since you'll be receiving payments directly from your buyer, you are responsible for paying your own taxes. Depending on which payment processor you are using, you may receive a 1099-K at the end of the year. We recommend that you consult a tax professional.

Q: Can I request a refund? **Answer:** Absolutely Not! We have a very strict no refund policy. Members are not allowed under any

Email processing System – The Easiest Way To Earn 25\$ Again & Again

circumstances to issue refunds as all members are given immediate access to the members' area and this access cannot be taken back. Click here to view the EPS Refund Policy.

Q: How do I get started? **Answer:** Getting started is easy. Simply return to the members' area and follow the step-by-step instructions. It really couldn't get any easier to make money online from home than with the Email Processing System (EPS).

Got Another Question? **Answer:** [Send me an email.](#)

*****DISCLAIMER *****

As a member, you get paid \$25 for each email you process. That's a 100% commission. You are making a one-time \$25 payment to your sponsor for an EPS membership. There are NO admin fees. In turn, the people who respond to your ads will pay you directly. Because you will be given immediate access to the EPS members' area and will have access to the step-by-step instructions and pre-written ads, we have a very strict NO REFUND POLICY. By purchasing an EPS membership, you are agreeing to the following terms and conditions. All fees are non-refundable. You agree there are no refunds for any reason and non-use does not constitute a reason for a refund of any kind. As part of our terms and conditions, you agree that you will NOT dispute / chargeback the order for ANY reason. If you are not sure if you want to join EPS or if for any reason you are not comfortable due to this policy, we suggest that you wait until you are absolutely sure. Every effort has been made to accurately represent this program and its potential. This is not a "get-rich-quick" opportunity, but it is a legitimate way to create an extra income from your home. You'll be amazed at how with some real effort you can see real results, but it's up to you to take the necessary action. You will be given step-by-step instructions. Any earnings or income statements & income examples are only estimates of what we think you could earn. There is no assurance you'll do as well. We are a long-term business, our minimal effort system is designed to change your life for many years, use it correctly and it will.
